

"SOME PEOPLE THINK WATER CAME DOWN IN THE LAST SHOWER" ... ANOTHER TRULY IMPORTANT ... AND VERY FUNNY SHOW BY VOX BANDICOOT.

"The Last Shower has helped to inspire communities throughout the Murray Darling Basin" ... The Murray Darling Basin Association "It was great!" Jenny, Leongatha P.S. "In 22 years of theatre visiting our school, if not the best this show is surely up there" ... Principal, Lower Plenty PS. Everyone really laughed, even our teachers" Jeremy, Morwell P.S. "Your Last Shower show asks questions of audiences instead of just spoon feeding answers. Too often, children's theatre can be little more than an animated book. Information dressed

in costumes. You provide our students with challenges and experiences which motivate them to form their own opinions. It is great skill you have. Added to that, the quality of the humour and entertainment you give young people is exceptional" ... John Stafford, Director, Country Education Project "I really liked being the Minister for Raindrops, and my friend Jessie was the Minister for Clouds" Anna, Wonthagi, P.S. "...your performance made very significant points about water conservation

and usage without lecturing or didactically hectoring ... I have no hesitation in recommending Vox Bandicoot to any other organisations looking for a fresh and exciting way to communicate a crucial message..." Dave Beaumont, Sth Gippsland Water. Albie Darned was really funny and so was Carrie A'bucket . James Moe P.S. "Cool!!" Nicholas, Heyfield P.S
